

## Welcome to the Arts Center's KidVentures in Art!

Our educational programs are designed to enhance and integrate the learning experience both during your visit and when you return to your classroom. Each tour guides students through the exhibitions, exploring how cultural influences can affect the work of the artist. Tour includes a brief history of the artist and their work followed by a question and answer period.

In addition to the high quality programs you've come to expect, we are pleased to announce that our offerings for students and educators have expanded. We have several tour packages to choose from. You may choose a guided tour only, a guided tour and hands-on activity (Grades K - 7), or a guided tour with Artist Demonstration & Design Lab (grades 8 - 12).

### Accessibility:

The Arts Center is accessible to persons with disabilities. Let us know of any special needs when making your reservation.

### Lunch Facilities:

We do not offer lunch facilities. There are several public parks and local eateries in the downtown area where students can take lunch.

## Word & Image 2007-2008 Calendar

Word & Image is an annual juried exhibition at the Arts Center featuring student art from public and private schools throughout Pinellas County.
